

AMENDMENTS TO THE DRAWINGS

This amendment corrects Figs 3 and 4. A first sheet with corrected drawings, marked as "Replacement Sheet" accompanies this Response and Amendment. More specifically, corrected Fig 3 now more clearly shows reference numeral 62 referring to cables, and reference numeral 58 referring to cooling, consistent with the specification. Also, in corrected Fig 3 the positions of reference numerals 24 and 26 have been changed, to correct the drawing and make it consistent with the rest of the specification. In Fig 4, the word "water" has been substituted for the German word "wasser." A second sheet with markings, identified as "Annotated Sheet," also accompanies this Response and Amendment. This second sheet is marked to more readily show the corrections.
